If these clients have already purchased an ebook from you, ask for his or her opinion when it comes to price. Do that by making a gross sales web page for the new book, but don't embody a value on that page. As a substitute, add a lot of hyperlinks to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

Another strategy is to test out costs by creating a variety of duplicate gross sales pages with totally different costs on each page. Make sure your sales copy is exactly the identical on each web

page, and includes your selling-handle sentence. Then determine for each web page the conversion ratio between guests to your web site and gross sales of your book. This may let you know what your optimum value is.

In the end, if you happen to've written a guide that solves a problem or presents a new approach, your ebook will bring in both traffic and profits.
