Another technique is to check out costs by making a number of duplicate gross sales pages with different costs on every page. Ensure that your sales copy is precisely the identical on every page,

and includes your promoting-deal with sentence. Then figure out for each page the conversion ratio between visitors to your web site and gross sales of your book. This will inform you what your optimum worth is.

In the end, when you've written a ebook that solves a drawback or presents a new approach, your e book will herald both site visitors and profits.
