An effective method for figuring out a value is to ship out a survey to your present customers. If these clients have already purchased an ebook from you, ask for their opinion when it comes to price. Do that by making a sales page for the brand new guide, but do not embrace a value on that page. Another strategy is to check out costs by creating a number of duplicate gross sales pages with completely different costs on every page. Make sure your sales copy is exactly the identical on every web page, and consists of your selling-handle sentence. Then determine for each page the conversion ratio between guests to your web site and gross sales of your book. This can tell you what your optimum price is.
