Besides promoting your books assiduously on-line, there are a number of different methods that can enable you to sell extra books.

One is to offer one thing away for free along with your ebook, similar to a worthwhile bonus item. Or bundle several ebooks underneath one price, which lowers the value for every ebook in the event that they had been bought separately.

An efficient approach for figuring out a value is to send out a survey to your current customers. If these clients have already bought an ebook from you, ask for his or her opinion when it comes to price. Do this by making a gross sales web page for the new e book, however do not embrace a value on that page. Another technique is to check out costs by making a variety of duplicate sales pages with different costs on each page. Ensure your gross sales copy is strictly the same on every page, and contains your promoting-handle sentence. Then work out for each web page the conversion ratio between guests to your website and gross sales of your book. This will tell you what your optimum price is.
