One other technique is to test out prices by making a variety of duplicate gross sales pages with different costs on every page. Be sure that your sales copy is precisely the identical on each web

page, and consists of your selling-handle sentence. Then determine for every web page the conversion ratio between visitors to your web site and gross sales of your book. It will let you know what your optimum worth is.

Finally, in case you've written a book that solves a downside or presents a new technique, your e-book will bring in each visitors and profits.
