Another strategy is to test out costs by making a variety of duplicate gross sales pages with completely different prices on each page. Be certain your gross sales copy is strictly the similar

on each page, and includes your promoting-handle sentence. Then work out for every web page the conversion ratio between guests to your website and sales of your book. This may inform you what your optimum price is.

Finally, in the event you've written a e book that solves a downside or presents a brand new approach, your guide will herald both site visitors and profits.
