An efficient technique for determining a value is to send out a survey to your current customers. If these prospects have already purchased an book from you, ask for his or her opinion in terms of price. Do that by making a gross sales page for the new guide, however don't embody a price on that page. As an alternative, add quite a few hyperlinks to survey questions that ask pointed questions to help you in assigning a price to your ebook.

One other strategy is to check out costs by creating a variety of duplicate gross sales pages with different costs on every page. Make certain your gross sales copy is exactly the identical on each

web page, and contains your promoting-handle sentence. Then determine for each page the conversion ratio between guests to your site and sales of your book. This will tell you what your optimum value is.

In the end, should you've written a ebook that solves a drawback or presents a new technique, your e-book will herald both visitors and profits.
