An efficient approach for determining a worth is to send out a survey to your current customers. If these clients have already purchased an book from you, ask for his or her opinion when it comes to

price. Do that by making a gross sales web page for the new e book, but do not embody a value on that page. Instead, add numerous links to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

One other strategy is to test out costs by making a variety of duplicate sales pages with different costs on each page. Make sure that your gross sales copy is exactly the identical on each web page, and contains your selling-deal with sentence. Then determine for each page the conversion ratio between visitors to your site and sales of your book. This may tell you what your optimum price is.

Finally, should you've written a e book that solves a downside or presents a new approach, your guide will herald both traffic and profits. So remember to write that selling-deal with sentence that sums up what problem your guide solves and what the advantages of your 1927 e book shall be to the purchasers who purchase it.
