An efficient technique for figuring out a price is to ship out a survey to your present customers. If these prospects have already bought an e book from you, ask for his or her opinion by way of price. Do this by creating a gross sales page for the brand new book, but do not include a worth on that page. Instead, add numerous links to survey questions that ask pointed questions to help you in assigning a value to your ebook.

Another strategy is to test out prices by making a number of duplicate sales pages with different prices on every page. Ensure your gross sales copy is strictly the same on every web page, and contains your promoting-deal with sentence. Then figure out for each page the conversion ratio between visitors to your website and sales of your book. This may inform you what your optimum price is.

Finally, when you've written a guide that solves a drawback or presents a brand new technique, your e book will usher in each site visitors and profits.
