Start at the highest price the market will bear to usher in the largest profits, and plan to discount the e-book a number of times throughout the year.

Do that by making a gross sales web page for the brand new book, but don't include a worth on that page. Another technique is to test out costs by creating a variety of duplicate sales pages with completely different costs on every page. Be certain that your gross sales copy is strictly the

identical on each page, and consists of your promoting-handle sentence. Then figure out for every page the conversion ratio between guests to your web site and gross sales of your book. It will let you know what your optimum value is.
