An effective method for determining a value is to send out a survey to your current customers. If these prospects have already purchased an book from you, ask for his or her opinion in terms of price. Do that by making a gross sales page for the brand new ebook, but don't include a value on that page. As an alternative, add plenty of links to survey questions that ask pointed questions to help you in assigning a value to your ebook.

Another strategy is to check out prices by making a number of duplicate gross sales pages with completely different prices on every page. Make sure that your sales copy is strictly the same on every web page, and includes your selling-deal with sentence. Then figure out for every web page the conversion ratio between visitors to your web site and gross sales of your book. This may tell you what your optimum price is.

In the end, if you've written a e book that solves a drawback or presents a new technique, your ebook will bring in each site visitors and profits. So remember to write that promoting-handle sentence that sums up what downside your e-book solves and what the advantages of your 2075 e-book shall be to the purchasers who purchase it.
