An efficient method for figuring out a worth is to send out a survey to your present customers. If these prospects have already purchased an e-book from you, ask for his or her opinion when it comes

to price. Do this by creating a gross sales web page for the new book, however don't embody a value on that page. Instead, add various hyperlinks to survey questions that ask pointed questions to aid you in assigning a worth to your ebook.

Another strategy is to check out prices by making a number of duplicate sales pages with totally different prices on each page. Be sure that your sales copy is strictly the same on every web page, and includes your promoting-deal with sentence. Then figure out for each web page the conversion ratio between guests to your web site and sales of your book. This can let you know what your optimum price is.

Ultimately, if you've written a guide that solves a problem or presents a new technique, your book will bring in both site visitors and profits.
