Do this by creating a sales web page for the new e-book, but do not include a price on that page. Instead, add various links to survey questions that ask pointed questions to help you in assigning a value to your ebook.

Another strategy is to test out prices by creating a number of duplicate gross sales pages with completely different costs on every page. Be certain that your gross sales copy is exactly the same on each page, and contains your promoting-deal with sentence. Then work out for every web page the conversion ratio between guests to your web site and sales of your book. This can inform you what your optimum value is.

In the end, for those who've written a e book that solves a downside or presents a brand new approach, your book will bring in both site visitors and profits.
