An efficient technique for determining a value is to send out a survey to your current customers. If these customers have already bought an e-book from you, ask for their opinion when it comes to price. Do this by creating a gross sales page for the new ebook, but don't embrace a value on that page. As an alternative, add numerous links to survey questions that ask pointed questions to aid you in assigning a worth to your ebook.

Another strategy is to test out costs by creating a number of duplicate gross sales pages with totally different costs on every page. Be certain that your sales copy is exactly the similar on each page, and consists of your selling-handle sentence. Then figure out for every web page the conversion ratio between visitors to your website and gross sales of your book. This can tell you what your optimum price is.

Finally, in case you've written a guide that solves a downside or presents a brand new method, your guide will herald both visitors and profits. So make sure you write that selling-deal with sentence that sums up what downside your e book solves and what the advantages of your 2451 guide might be to the shoppers who purchase it.
