One other technique is to test out prices by creating a number of duplicate sales pages with completely different prices on each page. Be sure your gross sales copy is exactly the identical on each page, and contains your promoting-handle sentence. Then work out for every web page the conversion ratio between guests to your web site and gross sales of your book. This can let you know what your optimum value is.

Finally, if you happen to've written a ebook that solves a problem or presents a brand new

technique, your e-book will herald both site visitors and profits.
