Nonetheless, if your e book comprises useful ? and more importantly NEW information, references, or strategies ? then it's best to aim to price it on the excessive end.

After you determine your aim, you could work out what your audience's want is to your ebook. For example, does your e-book resolve a specific downside? If it does, and solves it in a manner that hasn't been written about in one hundred other ebooks, you'll be able to obtain high sales at a high price. In case your guide solves a problem or answers questions in a brand new and distinctive

means, it is best to price your e-book as high as you'll be able to go. You'll obtain bigger profits this fashion, but bring in fewer customers. In case your ideas are not common information, or you are presenting a model new technique, you will be able to sell books at a high price. Simply be ready on your competitors to undercut you on value as quickly as they hear about your book.

Needless to say the above pricing strategy is temporary. Ultimately, you'll cease to promote books at this excessive price. So figure out in advance how long you plan to supply your e book at this high value, and when that time is up, change your pricing strategy.

If you wish to see large earnings over customer draw, aim for an audience that's searching for easy options to their problems at a low price. In case your book is geared toward solving one specific problem slightly than normal recommendation, then you may cost more. Begin at the highest price the market will bear to usher in the largest earnings, and plan to low cost the guide a variety of instances all through the year.

Do that by making a sales web page for the brand new e-book, but do not embrace a worth on that page. As an alternative, add plenty of links to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

One other technique is to test out costs by creating a variety of duplicate sales pages with completely different prices on every page. Be sure that your gross sales copy is strictly the

identical on every web page, and contains your promoting-deal with sentence. Then figure out for every page the conversion ratio between visitors to your website and gross sales of your book. It will let you know what your optimum worth is.
