An effective approach for figuring out a worth is to send out a survey to your present customers. If these customers have already bought a book from you, ask for their opinion in terms of price. Do this by creating a gross sales web page for the new e-book, however don't embody a value on that page. As an alternative, add quite a lot of links to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

Another strategy is to test out costs by making a variety of duplicate sales pages with different prices on every page. Be sure that your gross sales copy is exactly the similar on every page, and

contains your selling-handle sentence. Then determine for every page the conversion ratio between guests to your site and gross sales of your book. This will tell you what your optimum value is.

Finally, if you've written a guide that solves a problem or presents a brand new method, your ebook will usher in both traffic and profits. So make sure you write that selling-deal with sentence that sums up what drawback your e-book solves and what the benefits of your 791 guide can be to the shoppers who purchase it.
