Marketing Strategies

The key that unlocks the gross sales potential of your e-book is to discover a single sentence that turns into your selling handle. Then you'll want to use that sentence in every piece of sales and promotional material, and each time anybody asks you about your ebook.

Moreover promoting your books assiduously online, there are a number of other strategies that may allow you to sell more books.

One is to provide one thing away without spending a dime together with your book, such as a useful bonus item. Or bundle several ebooks beneath one price, which lowers the value for each e-book if they have been offered separately.

An efficient method for determining a worth is to ship out a survey to your present customers. If these prospects have already bought an e book from you, ask for his or her opinion in terms of price. Do that by creating a sales page for the new book, but don't embody a price on that page. Instead, add various hyperlinks to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

One other strategy is to check out prices by creating a variety of duplicate sales pages with completely different costs on every page. Be certain that your gross sales copy is strictly the same

on each web page, and contains your selling-deal with sentence. Then work out for each page the conversion ratio between guests to your website and gross sales of your book. This will tell you what your optimum value is.

Ultimately, if you happen to've written a book that solves a downside or presents a new technique, your e-book will usher in both visitors and profits.
