Then you should definitely use that sentence in each piece of gross sales and promotional material, and each time anyone asks you about your ebook.

In addition to promoting your books assiduously online, there are a number of other strategies that can make it easier to sell extra books.

One is to offer one thing away for free together with your ebook, corresponding to a beneficial bonus item. Or bundle several ebooks beneath one worth, which lowers the price for each e book in the event that they had been bought separately.

An effective technique for figuring out a value is to ship out a survey to your present customers. If these clients have already bought an book from you, ask for his or her opinion in terms of price. Do this by making a gross sales web page for the brand new e-book, but do not include a worth on that page. Instead, add quite a few links to survey questions that ask pointed questions to assist you in assigning a worth to your ebook.

Another technique is to test out costs by creating a variety of duplicate gross sales pages with totally different prices on every page. Make sure your gross sales copy is strictly the identical on

every web page, and contains your selling-deal with sentence. Then work out for each page the conversion ratio between visitors to your web site and gross sales of your book. This can tell you what your optimum price is.

Ultimately, if you've written a guide that solves a downside or presents a new method, your ebook will usher in both visitors and profits.
