In addition to promoting your books assiduously online, there are several other methods that can make it easier to sell more books.

One is to provide one thing away without cost along with your e book, equivalent to a useful bonus item. Or bundle several ebooks below one price, which lowers the price for every e book if they have been offered separately.

An efficient method for determining a worth is to ship out a survey to your current customers. If these customers have already purchased an ebook from you, ask for their opinion by way of price. Do that by creating a sales web page for the new guide, but do not include a price on that page. Instead, add a variety of hyperlinks to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

One other technique is to check out prices by making a variety of duplicate gross sales pages with completely different prices on every page. Make certain your sales copy is exactly the identical on

each web page, and includes your selling-deal with sentence. Then determine for every web page the conversion ratio between guests to your website and gross sales of your book. This can inform you what your optimum price is.

Finally, if you've written a e-book that solves a downside or presents a brand new technique, your e-book will bring in each site visitors and profits. So be sure you write that selling-handle sentence that sums up what downside your e book solves and what the advantages of your 921 guide can be to the shoppers who purchase it. After which watch your market come to you!
