If these prospects have already purchased an ebook from you, ask for their opinion in terms of price. Do that by creating a gross sales web page for the new book, but do not embody a price on that page. Instead, add various hyperlinks to survey questions that ask pointed questions to assist you in assigning a worth to your ebook.

One other strategy is to test out prices by making a number of duplicate gross sales pages with completely different prices on every page. Be certain that your sales copy is strictly the identical

on every page, and contains your promoting-deal with sentence. Then determine for each page the conversion ratio between guests to your web site and sales of your book. It will let you know what your optimum price is.

Finally, should you've written a ebook that solves a downside or presents a new technique, your e-book will usher in each traffic and profits.
