An effective approach for determining a value is to ship out a survey to your current customers. If these customers have already bought a book from you, ask for their opinion in terms of price. Do that by creating a gross sales page for the new ebook, however do not include a price on that page. As an alternative, add various hyperlinks to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

One other technique is to check out prices by creating a variety of duplicate gross sales pages with completely different prices on each page. Make certain your sales copy is exactly the same on every

web page, and consists of your selling-handle sentence. Then determine for each web page the conversion ratio between guests to your website and gross sales of your book. This will tell you what your optimum worth is.
